**PRODUCT CATALOGUE**

Hangzhou GIANTREY Machinery Co.,Ltd. is located in Hangzhou Xiaoshan industry area and within 1 hour's ride by car from the Hangzhou Xiaoshan International Airport, it is easily accessible by all forms of traffic.

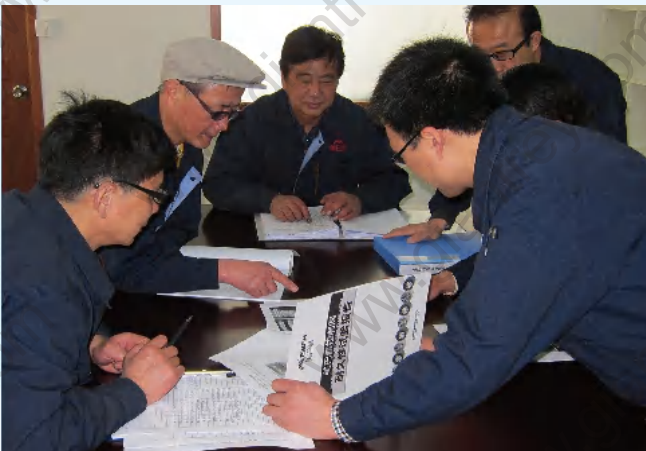

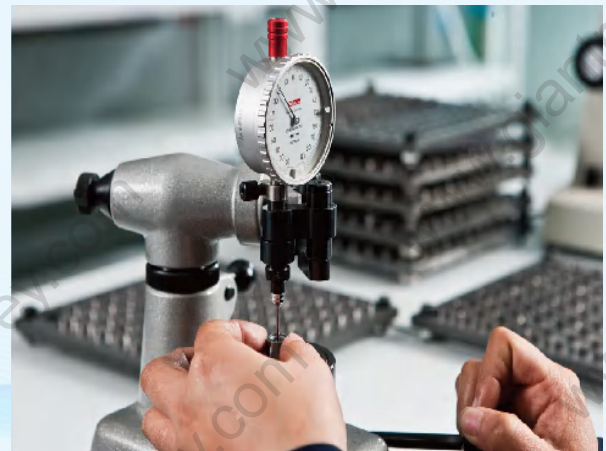

The company deals in high-tech diesel parts. We are committed to the development and production of common rail & piezo diesel parts. We have progressive technology and management system to ensure that each product meets a high standard and every year we launch 1 or 2 new products.

Due to the better quality and reasonable price, the sales of GIANTREY is far ahead of other factory. The products are exported to many places abroad with good reputation, such as the Middle East, Europe, southwest Asia and South America. For Piezo Valve for Bosch Injector, Giantrey is the first factory to develop it for Aftermarket and the quality has been widely approved by customers all over the world. In 2019, Giantrey finished the development of 625C and after the testing of different customers, the test report is very good.

"Quality, Profession, Innovation" is the tenet of the company. Meanwhile, it is the long-term aim we want. The company will adhere to technological and scientific innovation. With service and quality as the guide, the company will stride forward towards the goal of world-class development.
